- Staging, 134, 136–138
- Surgery in treatment of, 134–149
- Survival rates, trends in, 26

Voice restoration after total laryngectomy, medical techniques, 166–173
Voice restoration after total laryngectomy, speech-language pathologist's role, 174–182

Laser surgery
Bowen's disease and, 240–241
Endolaryngeal, 134–135, 138

Legal and regulatory status, unproven methods of cancer treatment
Livingston-Wheeler therapy, 107
Psychic surgery, 186–187

Letters
Cancer and the poor, 189
Cancer statistics, 318–319
Chemotherapy-related nausea and vomiting, 189–190
The Hippocratic oath, 126–128
Prostate cancer screening, 190–192
Thymic function and leukemia, 319–320

Leukemia
Acute lymphatic, 46–47 (Classic)
Acute lymphoblastic, 25, 364
Acute monocytic leukemia, 46–47
Acute myeloid leukemia, 25, 46
Among children in a suburban community, 27–50 (Classic)
Cancer clusters and, in children, 27–50 (Classic)
Chemotherapy, effect of on gonadal function, 200
Chronic lymphatic, 46 (Classic)
Incidence, 9, 18, 20
Mortality, 13, 16–17, 19, 21, 23
Survival rates, trends in, 25–26
Thymic function and, 319–320 (letter)

Leukoplakia, 135

Life expectancy
American Cancer Society Cancer Prevention Study, mortality at ages 75 and older, 218–221
Childhood cancer and, 355–367

Lip cancer, 18–19, 247–248

Liver cancer, 10–11, 16–19, 26, 73

Livingston-Wheeler therapy, unproven method of cancer management, 103–108

Lung cancer, 265–275
American Cancer Society Cancer Prevention Study, mortality at ages 75 and older, 222–223
Environment and cancer, perspectives on, 262 (Guest editorial)
Epidemiology of, 27
Incidence, 9, 11, 18, 20, 277
Mortality, 9, 13, 16–17, 19, 21, 23, 222–223
Radon exposure and, potential risk from, 265-275
Survey of physicians' attitudes and practices in early cancer detection, 1989 (ACS), 78, 80
Survival rates, 10, 26

Lymphomas (non-Hodgkin's) (See also Hodgkin's disease)
Chemotherapy, effect on gonadal function, 202
Incidence, 9, 18
Mortality, 9, 13, 19
Survival rates, 25–26, 364

M

Mammography, 109–125
Breast cancer, evaluation of periodic breast cancer screening with: Methodology and early observations, 109–125 (Classic)
Survey of physicians' attitudes and practices in early cancer detection, 1989 (ACS), 77–83, 85–91, 98, 101

Mediastinal adenopathy
Thymic function, leukemia and, 319–320 (letter)

Melanoma
Incidence, 9, 11, 18, 20
Mortality, 19, 21
Survival rates, five-year, 10
Survival rates, trends in, 26

Meningitis
Mortality, in children, 14, 24

Metabolic therapy
Gerson method, unproven method of cancer management, 252–256

Metastatic disease, 297–317 (See also, Prophylactic neck dissection)
Adenocarcinoma of the thyroid, radioactive iodine therapy and functioning, 297–317 (Classic)
Breast cancer, evaluation of periodic screening with mammography: Methodology and early observations, 123 (Classic)
Laryngeal cancer, staging, 137
Laryngeal cancer, management of, 146–147

Methyl-CCNU, 231

Mining
Radon, lung cancer risk from exposure to in, 266–268

Molecular epidemiology (See also, Epidemiology)
Environmental carcinogens, new tool in assessing risks of, 277–288
Environment and cancer, perspectives on, 263 (Guest Editorial)

Mortality (See also, Epidemiology; Specific sites; Statistics)
American Cancer Society Cancer Prevention Study, (CPS I) mortality at ages 75 and older, 210–224
Children, 327
National Center for Health Statistics, US Department of Health and Human Services, 9

Mouth cancer
Incidence, 18
Mortality, 19
Nutrition and cancer, American Cancer Society guidelines, programs, and initiatives, 73

Multiple myeloma
Incidence, 18
Mortality, 19
Survival rates, trends in, 26

Mutagens, 74

Mycotoxins, 74

Myeloma (See, Multiple myeloma)

N

National Cancer Institute
Breast cancer, evaluation of periodic screening with mammography: Methodology and early observations, 112 (Classic)
Improving cancer treatment by expanding clinical trials, 69–70 (Guest editorial)
Surveillance, Epidemiology and End Results (SEER) program, cancer incidence statistics and, 9

National Conference on Breast Cancer, 8 (Announcement)

National Conference on Integration of Molecular Genetics into Cancer Management, American Cancer Society, 276 (Announcement)

National Conference on New Oncologic Agents, American Cancer Society, 236 (Announcement)

Nausea and vomiting
Chemotherapy-related, 189–190 (letter)

Nd:YAG laser
Bowen's disease, treatment with, 240–241

Neck dissection
Prophylactic, case for, 243–244, 245–251 (Classic)

Nephritis
Mortality rates, 12, 14–15

Neuroblastoma
Survival rates, trends in children, 25

Nicotine (See, Cigarette smoking)

1989 survey of physicians' attitudes and practices in early cancer detection, 77–101

Nitrites
Nutrition and, American Cancer Society guidelines, programs, and initiatives, 73

Nitrogen mustard
Testis and, 199–200

Nitrosamines
Molecular epidemiology, risks of environmental carcinogens, 278

A Note about Ca, 102

Nutrition, 71–75
Cancer and, American Cancer Society guidelines, programs, and initiatives, 71–75
Gerson method, unproven method of cancer management, 252–256
Livingston-Wheeler therapy, unproven method of cancer management, 103–108
Molecular epidemiology, risks of environmental carcinogens, 278

O

Obesity
Endolaryngeal laser surgery and, 135
Nutrition and cancer, American Cancer Society guidelines, programs, and initiatives, 72, 75

Occult blood, in stool
Survey of physicians' attitudes and practices in early cancer detection, 1989 (ACS), 78–83, 85–86, 90, 93

Occupational risk
Molecular epidemiology, risks of environmental carcinogens, 278, 281

Opinion
"I didn't give myself cancer," 234–235

Oral cancer
Incidence, 9, 18, 20
Mortality, 9, 19, 21–22
Nutrition and cancer, American Cancer Society guidelines, programs, and initiatives, 73
Survival rates, trends in, 26

Osteogenic sarcoma, 364

Ovarian cancer
Incidence, 9, 11, 18
Mortality rates, 9, 13, 16, 19
Survival rates, 10, 26

Ovary
Chemotherapy, effects on gonadal function, 203–204

P

Pain
Childhood cancer, physical needs of dying child, 336–339

Pancreatic cancer
Incidence, 9, 18, 20
Mortality, 9, 13, 16–17, 19, 21
Nutrition and cancer, American Cancer Society guidelines, programs, and initiatives, 74
Survival rates, trends in, 26

Pap test
Survey of physicians' attitudes and practices in early cancer detection, 1989 (ACS), 78–83, 85–87, 98

PCBs (polychlorinated biphenyls), 278

Pelvic examination, 79

Pesticides, 278

Pharmacology, 199–201
Chemotherapy, biliary tract cancer, management of, 231
Chemotherapy, Bowen's disease, management of, 240
Chemotherapy, childhood cancer, applications to adults, 366
Chemotherapy, effects on gonadal function and reproductive capacity, effects of, 199–209
Childhood cancer, pain management, 336–339
Childhood cancer, physical needs of dying child, 339–346
Clinical trials, childhood cancer, 364, 366
Clinical trials, improving cancer treatment by expanding clinical trials, 69–70 (Guest editorial)
Unproven methods of cancer management, 51–55, 105–106

Pharyngeal cancer, 18–19

Pneumonia (See, Influenza and pneumonia)

Polychlorinated biphenyls (PCBs), 278

Polychlorinated dibenzodioxins, 278

Polycyclic aromatic hydrocarbons (PAHs), 278, 281

^{32}P-postlabeling technique, 281

Prevention (See Early cancer detection/prevention)

Procarbazine, 199–200

Proctoscopic examination
Survey of physicians' attitudes and practices in early cancer detection, 1989 (ACS), 78, 80–83, 85–87, 90, 92–94, 96, 98, 101

Progenitor cryptocides
Livingston-Wheeler therapy, unproven method of cancer management, 104–106

Progestins
Breast cancer, hormone-replacement therapy and risk of, 289–296

Prophylactic neck dissection, 243–251 (Classic)

Prostate cancer
American Cancer Society Cancer Prevention Study (CPS I), mortality at ages 75 and older, 222
Incidence, 9, 11, 18, 20
Mortality, 9, 13, 17, 19, 21–22, 222
Screening for, 190–192 (letter)
Statistics, site, mortality rates, and, 318–319 (letter)

Survey of physicians' attitudes and practices in early cancer detection, 1989 (ACS), 78, 80–81, 83
Survival rates, five-year, 10
Survival rates, trends in, 26

Prosthesis (See also, Laryngeal cancer; Endoprosthesis)
Voice restoration after total laryngectomy, medical techniques, 168 (Blom-Singer), 169 (Voice Bak)
Voice restoration after total laryngectomy, speech-language pathologist's role and, 177–180

Psychic surgery
Unproven method of cancer management, 184–188

Public education
Improving cancer treatment by expanding clinical trials, 69–70 (Guest editorial)
Nutrition and, American Cancer Society guidelines, programs, and initiatives, 71–75

R

Race differences (See, Epidemiology)

Radiation, background
In environment of leukemic children in a suburban community, 33, 48 (Classic)
And leukemia in animals, 33, 48 (Classic)
Radon, potential lung cancer risk from indoor exposure to, 265–275

Radiation therapy, 150–165
Biliary tract cancer, presentation and management with, 230–231
Bowen's disease, management with, 240
Chemotherapy and, effect on offspring treated with, 205
Laryngeal cancer, 150–165
Laryngeal cancer: New directions in treatment, 133 (Guest editorial)
Radioactive iodine therapy, functioning metastases of adenocarcinoma of the thyroid, effect on, 297–317 (Classic)

Radionuclides, 278

Radon, 263, 265–275
Environment and cancer, perspectives on, 263 (Guest editorial)
Potential lung cancer risk from indoor exposure to, 265–275

Reach to Recovery program, American Cancer Society, 5–7 (Editorial)

Rectal cancer (See, Colorectal cancer)

Rehabilitation, 166–182
Laryngeal cancer surgery and, 134
Laryngeal cancer surgery, medical techniques and, 166–173
Laryngeal cancer surgery, speech-language pathologist's role, 174–182
Reach to Recovery program, 5–7 (Editorial)

Renal pelvis and kidney cancer
Survival rates, trends, 26

Reproductive system
Chemotherapy effect on, 199–209

Rheumatic-like illness
Leukemia, among children in a suburban community, and 42–44, 49–50 (Classic)

Risk, cancer
Assessment of, molecular epidemiology, environmental carcinogens, 277–288
Breast cancer, hormone-replacement therapy and, 289–296
Environment and cancer, perspectives on, 261–264 (Guest editorial)
Reduction of, nutrition, American Cancer Society guidelines, programs, and initiatives, 71–75

S

Sarcoma botryoides, of the vagina
Leukemia, among children in a suburban community, 44, 46 (Classic)

Sclerosing cholangitis, primary
Bile duct cancer and, 227

Screening (See, Early detection/prevention)

Selenium
Nutrition, American Cancer Society guidelines, programs, and initiatives, 74

Septicemia
Mortality, 12, 14, 15, 24

Sigmoidoscopy
Survey of physicians' attitudes and practices in early cancer detection, 1989 (ACS), 79, 94, 96, 101

Skin cancer
Incidence, 9, 18, 20
Mortality, 9, 13, 19, 21
Statistics and, 9

Survey of physicians' attitudes and practices in early cancer detection, 1989 (ACS), 77–78, 80, 95–96, 101

Smoked foods
Nutrition and cancer, American Cancer Society guidelines, programs, and initiatives, 73

Smoking (See, Cigarette smoking)

Socioeconomically disadvantaged
Cancer and the poor, 189 (letter)

Speech rehabilitation (See, Laryngeal cancer, Voice restoration)

Splenomegaly
Leukemia, among children in a suburban community, 40 (Classic)

Sputum cytology
Survey of physicians' attitudes and practices in early cancer detection, 1989 (ACS), 79

Squamous cell carcinomas, T1 (See, T1 squamous cell carconomas)

Staging (See also, Laryngeal cancer)
Laryngeal cancer, 134, 136–138

Statistics, 9–26
Incidence, by site, by stage, 11
Incidence, estimated, by site and sex, 9, 18
Incidence, estimated, in US, 20
Mortality, age-adjusted, in 50 countries, 22–23
Mortality rates, children, 24, 355–367
Mortality, estimated, by site and sex, 9, 19
Mortality rates, estimated, in US, 21
Mortality, leading cancer sites
Age adjusted, by sex, 16–17
By age and sex, 13
Mortality, leading causes of death, 12
By age group and sex, 14, 15
Mortality rates, sites of cancer, 318–319 (letter)
Survival rates, five-year, 10
Survival rates, trends in, by site and race, 26
Survival rates, trends in, for children, 25

Stomach cancer
American Cancer Society Cancer Prevention Study (CPS I), mortality at ages 75 and older, 222–223
Epidemiology of, 27
Incidence, 9, 11, 18
Mortality, 9, 13, 16–17, 19, 23, 222–223
Nutrition and cancer, American Cancer Society guidelines, programs, and initiatives, 72
Survey of physicians' attitudes and practices in early cancer detection, 1989 (ACS), 80
Survival rates, five-year, 10
Survival rates, trends in, 26

Stool blood testing (See Occult blood, in stool)
Survey of physicians' attitudes and practices in early cancer detection, 1989 (ACS), 78–83, 85–86, 90–93, 98

Streptozotocin (STZ)
Biliary tract cancer, treatment with, 231

Stroke
American Cancer Society Cancer Prevention Study, mortality at ages 75 and older, 220–223

Subglottic laryngeal cancer (See, Laryngeal cancer)

Substance abuse
Mortality, 14–15

Subtotal laryngectomy and Extended conservation surgery (See also, Laryngeal Cancer; Laryngectomy)
Laryngeal cancer surgery, 143–144

Suicide
Mortality rates, 12, 14–15, 24

Supraglottic laryngeal cancer (See also, Laryngeal Cancer)
Radiation therapy for, 151–155

Supraglottic laryngectomy (See also, Laryngeal cancer)
Laryngeal cancer surgery, 141, 143, 145

Surgery
Biliary tract cancer, treatment with, 229–230
Bowen's disease, treatment with, 240–241
Laryngeal cancer treatment, 134–149
Neck dissection, prophylactic, case for, 243–251 (Classic)
Thyroidectomy, radioactive iodine therapy, functioning metastases of adenocarcinoma of the thyroid, 302 (Classic)
Voice restoration after total laryngectomy, medical techniques and, 166–173

Surveillance, Epidemiology and End Results (SEER) program, National Cancer Institute
Cancer statistics and, 9
Childhood cancer, 355

Survey of physicians' attitudes and practices in early cancer detection, 1989, ACS, 77–101

T

Testicular cancer
Chemotherapy, effect on gonadal function and reproductive capacity, 202
Incidence, 11, 18
Mortality, 19
Survival rates, five-year, 10
Survival rates, trends in, 26

Testis
Chemotherapy effect on, 199–202

Thymic function
Leukemia and, 319–320 (letter)

Thyroid cancer
Adenocarcinoma, functioning metastatic disease, radioactive iodine therapy and, 297–317 (Classic)
Incidence, 18
Leukemia, among children in a suburban community, and, 46 (Classic)
Mortality, 19
Survival rates, trends in, 26

Thyroidectomy
Radioactive iodine therapy, functioning metastases of adenocarcinoma of the thyroid, 302 (Classic)

TNM Classification of Cancer, Information for Authors, 76

Tobacco (See, Cigarette smoking)

T1 squamous cell carcinomas (See also, Laryngeal Cancer)
Endolaryngeal laser surgery and, 135

Tongue cancer
Incidence, 18
Mortality, 19
Neck dissection, prophylactic, case for, 248 (Classic)

Tracheoesophageal puncture (See also, Laryngeal cancer)
Voice restoration after total laryngectomy, medical techniques, 169
Voice restoration after total laryngectomy, speech-language pathologist's role, 174–178

Tracheotomy (See also, Laryngeal cancer)
Laryngeal cancer surgery and, 138–139

U

Ulcerative colitis
Bile duct cancer and, 227

Ultrasonography
Prostate cancer, screening for, 190–192 (letter)

Ultraviolet light exposure
Bowen's disease, and, 238

US Department of Agriculture
Nutrition and cancer, American Cancer Society guidelines, programs, and initiatives, 73

US Department of Health and Human Services (National Center for Health Statistics)
Mortality statistics, 9

US Environmental Protection Agency (EPA)
Environment and cancer, perspectives on, 262–263 (Guest editorial)
Radon, potential lung cancer risk from indoor exposure to, 272–274

US Food and Drug Administration
Unproven methods of cancer management, and, 51–52

Unproven methods of cancer management
Gerson method, 252–256
Greek cancer cure, 368–371
Hoxsey method/Bio-Medical Center, 51–55
Livingston-Wheeler therapy, 103–108
Psychic surgery, 184–188

Urinary system cancer
Incidence, 9, 11, 18
Mortality, estimated, 9, 13, 17, 19
Survival rates, 10, 26

Uterine cancer
American Cancer Society Cancer Prevention Study (CPS I), mortality at ages 75 and older, 223
Incidence, 9, 11, 18, 20
Mortality, 9–13, 16, 19, 21, 23
Survey of physicians' attitudes and practices in early cancer detection, 1989 (ACS), 80
Survival rates, five-year, 10
Survival rates, trends, 26

V

Vaginal cancer
Environment and cancer, perspectives on, 262 (Guest editorial)
Sarcoma botryoides, leukemia, among children in a suburban community, 44, 46 (Classic)

Vertical hemilaryngectomy (See also, Laryngeal Cancer)
Laryngeal cancer surgery, 139–140

Vinyl chloride
Environment and cancer, perspectives on, 262 (Guest editorial)
Molecular epidemiology, risks of environmental carcinogens, 278

Vitamins A, C, and E
Nutrition, American Cancer Society guidelines, programs, and initiatives, 72–73

Vocal cord cancer (See also, Laryngeal cancer)
Early, radiation therapy for, 158–159
Laryngeal cancer: New directions in treatment, 133 (Guest editorial)

"Voice-Bak" prosthesis (See also, Laryngeal cancer)
Voice restoration after total laryngectomy, medical techniques, 168

Voice restoration (See also, Laryngeal Cancer)
After total laryngectomy, medical techniques, 166–173
After total laryngectomy, speech-language pathologist's role, 174–182

Author Index, 1990
